The **Children's Ministry** is located in the lower level of the main building. Admittedly, our church building can be a maze to find your way in (especially if you are a newcomer), so we have placed Red Desks throughout the children's area with volunteers ready to serve.

Red Desks are our "command centers" for the children's ministry. If you are new, go to one of these desks where you will check in with our volunteer coordinators. They will then escort you to your child's appropriate classroom.
